

Vote YES on Measure B

Specific Benefits from Measure B – Los Gatos

Uncommon allies united for a common goal: Relieve Traffic; Repair our Roads. That's why the League of Women Voters, Los Gatos Chamber of Commerce, League of Conservation Voters, former U.S. Transportation Secretary Norman Mineta and Senator Dianne Feinstein are championing Measure B to provide vital local funding to fill potholes, maintain roads and reduce traffic throughout Santa Clara County.

We are fortunate to enjoy a special quality of life here. Unfortunately, many of Santa Clara County's roads are in dire need of repair and we're spending too much time trapped in traffic. We need meaningful countywide congestion relief.

Local Road Maintenance Funds

- ▶ Each city or town will receive road maintenance funds annually, based on the population and road miles, for the next 30 years to repair roads and fix potholes. For Los Gatos that amount is more than \$17 million.

Highway 17 Corridor Congestion Relief

- ▶ Upgrades to the Highway 17/9 interchange will improve pedestrian and bicycle safety and roadway operations
- ▶ The deployment of advanced transportation technology will reduce freeway cut-through traffic in Los Gatos making local roads safer. This technology includes:
 - Traffic signal control system upgrades
 - Traveler information systems
 - Advanced ramp metering systems
- ▶ Measure B also supports multi-modal congestion relief solutions, including:
 - Highway 17 express bus service enhancements
 - Local bus system improvements that reduce auto trips to schools, work and commercial areas in Los Gatos
 - The creation of additional park and ride lots to serve as transit hubs for express bus, shuttles and local bus system connections

Highway 85 Corridor

- ▶ Additional transit-only lane down the center median. Study to determine the best form/type of transit, noise abatement and other solutions for the Highway 85 corridor.

Countywide Improvements

- ▶ Mass transit operations, targeting low income, seniors, students and people with disabilities
- ▶ Additional bicycle and pedestrian improvements, especially near schools
